

# Grant Bulldog 100 Miler Walking to School Tracker

Walking to and from school with your parents/guardians permission or walking around a block in your neighborhood with your family or any other hike your family goes on regularly can be a great way to reach 100 miles. You can have your parent or guardian measure those distances on their car odometer, on a pedometer, or using google maps once and then easily track your progress on this sheet!

Miles from my home to school: \_\_\_\_\_

Miles around the block: \_\_\_\_\_

Miles to \_\_\_\_\_: \_\_\_\_\_
